**Phillips-Medisize Invites Visitors to Discuss Drug Delivery Partnerships**  
Innopack Pharma Confex in India, May 24 and 25

**HUDSON, WI – May 15, 2018** – [phillipsmedisize](http://phillipsmedisize.com) – Phillips-Medisize will showcase its solutions for design development and manufacturing of drug delivery devices, with a focus on connected health, for the first time during Innopack Pharma Confex India.

The wide variety of contract services featured include device strategy, product development and manufacturing across specialty drug delivery devices, disposable insulin pens, blood glucose meters, inhalators, and wearable drug delivery devices designed to improve patient engagement and drive better outcomes. Visitors will learn about the values and benefits of choosing a trusted outsource partner, as well as be informed how Phillips-Medisize can help turn an idea into a successful complex drug delivery device.

“The opening of our India office earlier this year, was a very exciting time for our customers and our company. As part of our continued strategy to be in the right places for our customers, we now provide a local presence along with our global continuum of services for our Indian customers. Most importantly, this initiative is aligned with our strategy to achieve service excellence by ensuring maximum personal availability for our valued customers,” commented Matt Jennings, President Phillips-Medisize.

“With the presence of Vivek Malhotra, Sr. Director Business Development, Asia, we look forward to addressing the networking challenges of customers in the region as they look to deploy more intelligent drug delivery solutions,” shared Mike Ratigan, VP, Sales and Marketing.

Visit stand A6 to talk to Phillips-Medisize representatives about solutions for drug delivery devices and connected health during Innopack Pharma Confex India, May 24 and 25 at the Sahara Star, Mumbai.

**About Phillips-Medisize:**

Phillips-Medisize, LLC, a Molex company, is a leading global outsource provider of design and manufacturing services to the drug delivery, consumable diagnostics, medical device, and specialty commercial markets. Backed by the combined global resources of Molex and its parent company Koch Industries, Phillips-Medisize’s core advantage to customers is the knowledge of its people to integrate design, molding, and automation, providing innovative, high-quality manufacturing solutions.
